Total number of children in alternative care¹

- All children in alternative care covered
- Children in formal family-based care: 14,312
- Children in residential care: 6,151
- Children in other care: 0
- Children in alternative care²: 20,463

30% Residential care
70% Formal family-based care

Headline statistics²

- The rate of children aged 0-17 in alternative care at a specific point in time (per 100,000): 1,212
- The rate of children aged 0-17 in residential care at a specific point in time (per 100,000): 364
- The rate of children aged 0-17 in formal family-based care at a specific point in time (per 100,000): 848
- The percentage of children aged 0-17 in residential care (of the total number of children in alternative care) at a specific point in time: 30.1%

Country system

- Decentralised alternative care and data system
- Data on alternative care published
- Is the data system on children in alternative care covered in legislation?
- Is the overarching term, in line with ‘alternative care’, used in legislation?
- Formal kinship care is a subdivision of foster care

Data system

- Recent or current reform of data system on children in alternative care
- Data collected per individual child
- Personal identification numbers used
- More than one agency mandated to collect data
- Data collected on quality of care and outcomes
Variables collected on

- Age
- Reason for entry into care
- Sex
- Placement decision maker
- Unaccompanied minor status
- Reintegrated with family
- Statelessness
- Adopted
- Disability status
- Leaving care due to death
- Parental status
- Age on leaving care

Residential care

- Official maximum number of places in a small group home: 12
- Official maximum number of places in largest type of residential care facilities: 48
- Data collected separately for small group homes and large institutions
- Data collected on length of stay
- Data collected on number of staff and their qualifications
- All forms of residential child care are recognised as alternative care

Helpful examples

In 2020, the Treasury Department started preparations to develop a fully digitalized and real-time database for child-related social welfare and child protection services.

Room for improvement

Statistical reporting is facilities-centred rather than child-centred.

The 1997 Act on Child Protection shows a more holistic approach to child welfare and protection than the data collection achieves in practice.
