Eurochild's Strategic Framework2022-2025

Strategic Framework 2022-25

VISION

A society where children and young people grow up happy, healthy and confident, respected as individuals in their own right.

MISSION

Promote the rights and well-being of children in policy and practice through advocacy, membership exchange and research.

VALUES

- **Rights-based**. Members have a shared commitment to the full realisation of the UNCRC.
- **Membership-driven**. We are accountable to our Members for governance and priorities.
- Learning-oriented. We are responsive to change, be it in policy, research, civil society or politics.
- Partnership-seeking. We partner with organisations who share our goals and values.
- **Empowering**. We listen to and empower members, employees and children we work with.

Eurochild's strategic goals 2022-2025

1 - Make children's rights a public policy priority in Europe

2 - Strengthen the community of children's rights activists across Europe

3 - Elevate the voices of children and young people, in particular those experiencing disadvantage

4 - Consolidate the network for improved sustainability and impact

OBJECTIVES

- EU institutions establish sustainable & meaningful child participation mechanisms reaching a more diverse group of children
- Members have increased capacity to engage with children in a meaningful way, in particular children from marginalised backgrounds
- New channels are created enabling diverse voices of young child rights defenders to influence decision-making at the EU level
- National Eurochild Forums & Eurochild Children's Council are engaged in meaningful child participation

Consolidate the network for improved sustainability and impact

OBJECTIVES

- High professional & ethical standards in governance, internal operations & HR management
- A robust financial management model & improving financial resilience
- A growing & engaged membership, achieving greater impact by peer-to-peer learning
- Eurochild brand, messages & achievements are clear & known within the membership & key audiences

Theory of Change

Eurochild will	with the EU	with members	with children	
work	We harness the political & economic power of the EU to ensure policies & public spending better protect children & promote their rights. We support & empower our members to more effectively influence policies at the national level to protect children & promote their rights.		We meaningfully involve children & young people in our advocacy, activities & organisational development.	
GOAL 1 Make children's rights a public policy priority in Europe	Monitor & analyse relevant EU public policies & bring members' experience & expertise to inform on the child rights perspective	Support members on EU policies focusing on priority issues & facilitate their access & feedback to the EU policymakers	Empower & engage children & young people as self-advocates to inform public policies on children's rights	
GOAL 2 Strengthen the community of children's rights activists across Europe	Work with the EU so it uses its political & economic power to champion children's rights & protect children's rights activists	Support members to build stronger communities of children's rights activists, especially in countries where these rights are threatened	Support & empower young children rights' defenders, including through child-led initiatives.	
GOAL 3 Elevate the voices of children and young people, in particular those experiencing disadvantage	Support the EU institutions to build meaningful child participation mechanisms, reaching a more diverse group of children	Support members to work with children & young people in a meaningful way, directly & through peer to peer support	Model meaningful child participation through Eurochild's child participation mechanisms	
GOAL 4 Consolidate the network for improved sustainability and impact	Support the development & well- being of the Secretariat so it is well positioned to lead on EU knowledge & serve the network	Support members to achieve greater impact by growing, engaging & professionalising the network, whilst ensuring our financial resilience	Ensure our work is communicated to children & young people, allowing them space to influence how Eurochild is run	

Systems
change at the
EU and national
level, with a
specific focus
on children
experiencing a
disadvantage.

^{*}Europe refers to the geographical continent, including countries outside of the EU that are impacted by its policies.

Our Strategic Partnerships

PARTNER TYPES	INTERGOVERNMENTAL	CIVIL SOCIETY	PHILANTHROPIC	CORPORATE	ACADEMIA
Why we partner with them?	We partner with intergovernmental organisations with expertise, resources & power to influence public policies of governments. (EU, CoE, UNICEF, OECD, WHO, CBSS)		We partner with institutional philanthropy players who are working on systemic change & are able to support us to push for better outcomes for children.	We partner with corporate organisations that share our values to gain access to resources for consolidating our network & improving our brand equity.	We partner with academic institutions to bring evidence-informed recommendations to influence better policies for children, in particular the most disadvantaged.
What we bring to the table?	We bring expertise on children's rights & ways to meaningfully engage children in policy making.	We bring policy & advocacy expertise on children's rights & child participation at both EU & national level.	We bring knowledge & experience of collaborative work on children's rights from 200 members across Europe.	We bring policy & advocacy expertise on children's rights & child participation at both EU & national level.	We bring the opportunity to connect academic research to policymaking & the impact these policies have on children.
What change we can make together?	These partnerships help prioritise children's rights in public policy at the national, EU & international level.	duplication of effort & bring	These partnerships bring resources, expertise & influencing power on a larger scale.	These partnerships bring brand value & expertise to consolidate our network for improved impact.	These partnerships help us monitor the impact of child focused policy interventions & champion better policies for children.
A successful partnership example?	We partnered with the European Commission, to bring 60 children to the EU Forum on Children's Rights resulting in increased capacities within the Commission to meaningfully engage children. The outcomes informed the European Strategy on the Rights of the Child.	Networks) led by Eurochild & Save the Children provides expert support in EU policies,	With the OSF, Porticus & Oak Foundation support, we are coleading the First Years First Priority campaign to prioritise early childhood development policies in Europe. With the support of the Martin James Foundation's, we are pushing for national child protection reforms.	With Dentons (legal) & Edelmann (campaigns) probono support we gained access to expertise & services, otherwise unaffordable to us. This corporate commitment helped us consolidate the network & improve our campaigning.	We partnered with leading child protection academics in Europe to map data collection systems for children in alternative care. The DataCare project findings now support our advocacy to advance the deinstitutionalisation agenda across Europe.
